The Lennon 42" Square Counter Set adds a touch of glamour to your home. The Faux Marble top is a beautiful white and gray pattern that is set off by the black solid wood table frame. The Top is heat and water-resistant, super easy to care for, and a statement-making design. The table is surrounded by 4 upholstered velvet chairs, made of solid wood and with side, front and back stretchers for strength and durability. The plush memory foam cushion is so comfortable, and the silver nailhead trim accents both the chair and the marble top of the Lennon.
